

## Nomination Form – IKC Awards

International Kinesiology College awards may be granted when an individual has shown dedication and significant contribution to the growth of Touch for Health, Kinesiology and non-Kinesiology fields locally, nationally or internationally.

Nominations should be made by current members of the International Kinesiology College using this official IKC awards Nomination Form. The nominee must be personally known to the proposer. Award categories for nomination include the following:

### John Thie Award

This may be awarded annually unless there are exceptional circumstances. Consideration is given to the nominee's background, qualifications, achievements in the field of health / Kinesiology and significant contributions to Touch for Health and Kinesiology.

### IKC Plaque Award

This is awarded to those who have shown outstanding commitment to the IKC and their community.

### IKC Certificate Award

This is awarded in recognition of a recipient's commitment to sharing the IKC vision with their community.

### Please note

The award proposer should complete the form with as much up to date information as possible, including reasons for the nomination. The executive Board of the IKC has the right to decide how much or if any of the information provided is used on the award, and on any other promotional material it wishes to use. The nomination form should be submitted to the IKC Public Relations Officer by email to [info@helena-arguelles.com](mailto:info@helena-arguelles.com).

Submission of the nomination form does not guarantee the success of the application. Potential recipients should not be told of the award nomination until it has been processed and endorsed by the Executive Board of the IKC.

Plaque and Certificate Award recipients should indicate whether they will be available at the IKC Conference at the time of the award presentation. They will be asked for permission to publish their name and image on IKC material.

Recipients of the John Thie Award may not necessarily be advised of their award prior to the presentation. If possible, the sponsor should indicate whether the recipient will be attending the Conference.
